

Through to the Keeper

(James Hamilton)

I've been set free from the law through Jesus Christ my Lord

But the good that I will to do, that I do not do

Though I delight in God's law, in me remains another law

Wretched man that I am, only Christ can save my soul

Let it go through to the Keeper, the Keeper of our soul

You've got some work to do as the Spirit leads you through

Let's build towards the New Jerusalem and bring forth sons of God

Giving all for the sake of His body

Now I'm joined to the fellowship of Yahweh from before

It is here that I can persevere to hear the upward call

Though my flesh is weak and bound in death, His Spirit gives me breath

So I praise my Lord, 'cause Christ has saved my soul

Let it go through to the Keeper, the Keeper of our soul

You've got some work to do as the Spirit leads you through

Let's build towards the New Jerusalem and bring forth sons of God

Giving all for the sake of His body
